

# Qualification Review Committee

The Qualification Review Committee (QRC) member in your region is responsible for initiating your Position Task Books (PTB) and can also sign your Letter of Intent, if you do not have an AM-IMT Team Coordinator in your region.

Once your PTB is completed it will be returned to that QRC member for review and submittal to the QRC for final review. If approved by the QRC they will make recommendation to the Credentialing Officer for you to be credentialed in that position.
