# UNMANNED AIRCRAFT SYSTEM AFFIDAVIT

IN THE FIFTH DISTRICT COURT - ST GEORGE DEPARTMENT  
IN AND FOR WASHINGTON COUNTY, STATE OF UTAH

## AFFIDAVIT FOR SEARCH WARRANT FOR UNMANNED AIRCRAFT SYSTEM

STATE OF UTAH )  
                          :ss  
County of Washington )

The undersigned affiant, Captain Tyler Thomsen of Walmart Asset Protection, upon a sworn oath, deposes and says:

That your affiant has reason to believe that:

Use of an unmanned aircraft system presently located in Washington County, State of Utah, to observe the target, would provide a continuous stream of electronic data, which could be communicated back to law enforcement officers.

The target is further described as:

Warehouse and property on 200 Miller Ave belonging to Zibbidy Zooz

This information would be relevant to an on-going criminal investigation of illegal conduct and would therefore be evidence of illegal conduct.

The crimes being investigated which would be aided by this information include:

Manufacturing Meth, auto theft

The facts to establish the grounds for issuance of this order are:

I have worked asset protection at Walmart for 37 days now. I was intense 3 hour training every day for the first week. I previously worked at Captain Kiddie's Mini Golf where I had to deal with rowdy teenagers and unruly children almost on a bi-weekly basis

Neighbors and other passersby have complained that they smell what they suspect to be meth cooking. Another individual that had reported his car stolen, said he had seen it behind the warehouse. When we showed up to the warehouse to check on the vehicle he has seen, it was gone. It is suspected that a the occupants of this property are involved in a car theft ring.

• Target information

• Crimes being investigated

### Monitoring

The court is requested to allow the monitoring agents to use the unmanned aircraft system within the State of Utah.

### Time of Service/Notice of Authority

17:00-21:00, Saturday, May 19, 2018

• Time of service /  
Notice of Authority

### Sealing/Serving a Copy

*The evidence sought by this application consists of data obtained by an unmanned aircraft system regarding criminal activity more particularly described in the probable cause statement in this affidavit. Providing a return showing monitoring by the unmanned aircraft system would cause the target to alter their behavior, impeding the investigation. It is therefore requested that this application and resulting orders and rulings be sealed as allowed by URCrP Rule 40(m) and that officers not be required to serve a readable copy of any order or warrant upon the targets of the investigation.*

**I declare under criminal penalty of the State of Utah that the foregoing is true and correct.**

Any documentation of prescriptions obtained/filled by the individual, including Rx containers, receipts, and prescription documents.

Possession of Oxycodone:

A schedule II controlled substance, illegally possessed unless under the care of and prescribed by a practitioner while acting in the course of professional practice. Oxycodone is a semi-synthetic opioid synthesized from poppy-derived thebaine. It is very similar to codeine in structure and actions. It is a narcotic analgesic generally indicated for relief of moderate to severe acute or chronic pain. It is available in both immediate and extended release (Oxycontin) tablets. Oxycodone, like morphine, acts on the brain but does not show the full spectrum of mood altering effects seen with morphine or heroin, nor are the effects long lasting. However, the drug does have some euphoric effects, lessens anxiety and gives the user a pleasant experience. This, plus the relatively easy availability of the drug has made it liable to abuse by those who abuse morphine and heroin. When abused the tablets are crushed and ingested orally, intranasal or intravenously or introduced to a heat source and the vapors inhaled.

Distribution of a Controlled Substance

Articles of personal property tending to establish and document sales of a controlled substance including U.S. currency, buyer and seller lists, and other documentation of sales of a controlled substance; articles tending to establish the identity of persons in control of the premises sought to be searched including rent receipts, utility receipts, and addressed envelopes, and any other fruits or instrumentalities of the crimes of possession or distribution of a controlled substance.\*\*\*\*\*

YOU ARE THEREFORE COMMANDED:

to make a search in the daytime of the above named or described premises for the herein-above described property or evidence and if you find the same or any part thereof, to bring it forthwith before me at the SECOND DISTRICT COURT - OGDEN, County of Weber, State of Utah, or retain such property in your custody, subject to the order of this court.
