

# *UCJIS INVESTIGATIVE TOOLS*

Or how in the heck do I do that?????

# *SCENARIO*

- Your agency finds a two year old child roaming the street in the middle of the day. You want to find out if there is a missing person entry on NCIC for this child. You don't have a name because the child can't tell you their name, so you obviously don't have a numeric identifier such as a date of birth either. How do you find out if they are listed in NCIC as missing?

## Police locate family of girl, 2, dropped off at day care in Milwaukee Monday morning

MILWAUKEE — Milwaukee police said Monday evening, July 23 the family of Tiffany, a 2-year-old girl dropped off at a Milwaukee day care Monday morning was located. She has been reunited with her loved ones.

Police asked for help identifying and locating the girl's parents/guardians Monday afternoon after they said Tiffany was dropped off at a day care near Silver Spring and Lovers Lane.

FOX6 News spoke with the owner of the Jordan Early Childhood Academy at Silver Spring and Lovers Lane, who indicated the girl was dropped off Monday morning by an aunt — who told the desk worker the mother would be there at 3 p.m. to pick her up.

Monday was the desk worker's first day working this particular shift, and that employee was told to expect two new children to arrive at the day care Monday. The owner said it wasn't until after the aunt left that it was discovered Tiffany was not one of those two new children, and she didn't belong at this day care.

The child was at the day care from 7:45 a.m. until 4:40 p.m. when a social worker picked her up.

Again — she is now back with her family.

# *QM RESPONSE*

- NCIC rates the possible matches and scores them, then the score is used to select up to 20 most likely candidate records for the response to the inquiring agency. To determine if a hit (identification) has been made, the inquiring agency must review all of the identification data in the candidate records and contact the agency that entered the record(s) to confirm a match.

# *SCENARIO CONT.*

- What if you find that they are not listed, or you can't find a match, what can you do at that point?

# *ANSWER:*

- Contact BCI (Gina McNeil 801-281-5075) and enter the child as an unidentified person. Then, if another agency enters that child as a missing person there would be a cross-check against the unidentified file and they should get a match. Both agencies will receive a \$M to notify them of the possible match.

# *SCENARIO*

- You have a defendant that is from out of state, you want to get all the information on them that you can, what transaction can you run to save you time?

# *ANSWER:*

- MI – Multiple Transaction Inquiry
- This will give you out of state as well as instate information. You will want to train your officers to check Utah DL even for out of state files in case they have a skeleton file containing restricted driver information, or other violations.
- NOTE: For Canadian Warrants you will need to do an additional NLETS transaction “WQ” as this information is no longer checked automatically when you do a “QW”

SALT LAKE CITY -- A woman accused of kidnapping her daughter in Pennsylvania three weeks ago has been arrested in Utah.

Friday night, the Joint Criminal Apprehension Team (JCAT) located Laura Kilmer and her 4-year-old daughter in West Valley City. They didn't arrest Kilmer because she had told her estranged husband she would shoot the girl and herself if she saw police. JCAT waited until the mother and daughter were momentarily separated to make a move. Sunday night they got the opportunity.

Officers followed Kilmer from her sister's apartment in West Valley City to a 7-Eleven at 3510 S. Redwood Rd. Kilmer filled her car with gas. When she went inside to pay, she left her daughter in the car. JCAT arrested Kilmer inside the store and took her daughter safely into custody.

Jim Phelps with the U.S. Marshals Office said, "This child has gone through a lot. She used to have long red hair. The mother has cut it down to where she almost looked like a boy. We believe this was part of an effort to keep her concealed from the public."

- Feb. 2011 U.S. Marshal's office in Penn were contacted about a kidnapping of a 4 year old child by non custodial parent who had threatened the child's life.
- Believed they were traveling to Florida
- Did an off-line search for the vehicle
- Inquiry by a Utah LE the previous week
- Located in West Valley
- Recovered the child
