|               | Submission ID : 217        |
| Realbad Dudet | Judge : GEORGE M HARMOND   |

Based on the affirmation of Joseph M Killpack, the arresting officer, the undersigned magistrate finds that probable cause existed for the arrest without a warrant of Realbad Dudet on the stated charges.

The court finds substantial evidence to support that Realbad Dudet committed a felony while on probation or parole, or while free on bail awaiting trial on a previous felony charge.

The court finds that Realbad Dudet would constitute a substantial danger to other persons or to the community or is likely to flee the jurisdiction of the court if released on bail.

The court finds that there is convincing evidence that Realbad Dudet violated a material condition of release while previously on bail.

The court finds there is substantial evidence to support the stated offense and that the offense is a capital felony.

Penny's last condition.

Therefore, the court orders that Realbad Dudet is to be held without bail.
