

System Training

- I. Staff must be trained on the VISION system.
- II. USDA regulations require WIC staff to complete information and data security awareness training each year.
 - a. State and local WIC staff use the State's Department of Technology Services (DTS) *UDOH Privacy Security Training* on-line training module to complete this required training.
 - b. The module must be repeated by all staff annually.
 - c. A web link to the required training is provided to staff on SharePoint, in the Staff Training tab.
 - d. Certificates of completion should be uploaded to the appropriate folder on SharePoint in the Local Agencies tab.
