Subject: Obtaining A Copy Of Letters Recently Sent To Sandy City Mayor & City Council As It Relates To Water Fund Transfers & Franchise Fees

To: Jeremy Walker <jeremywalker@utah.gov>

Mr Walker:

I appreciated talking with you earlier this week! Thank you for the link!

By what means or process may a citizen obtain a copy of the letter that the State Auditors office sent to the Sandy City Council clarifying the process by which water funds could be transferred to the General City fund? Are there also other such letters for the other municipalities that have been doing this in the past 12 years? It it possible to get a copy of them as well?

Thanks in advance for your help and consideration!
