FIREWORKS SAFETY

Fireworks are banned on the East side of 200 East, beginning at Lund Lane and ending at State Street, as well as the East side of Main street ending at the Fruit Heights / Kaysville junction. The Farmington Fire Department urges residents to leave the use of fireworks to the professionals. However, if fireworks are to be used, please heed the following precautions:

- Always provide adult supervision for children using fireworks. Parents can be held financially accountable for any fireworks-related damage caused by their children.
- Light fireworks in a safe area such as on a driveway or other paved surface. Keep fireworks at least 25 feet away from grassy and vegetated areas.
- Never attempt to relight or alter malfunctioning fireworks. After allowing them to stand for several minutes discard in a pail of water.
- Light one firework at a time and move away quickly. Fireworks should never be held or thrown.
- Have a water supply nearby, such as a garden hose or bucket of water.
- If clothes catch fire remember to STOP, DROP onto the ground, cover your face, and ROLL, over and over until the fire goes out.
