

UTAH STATE FIRE MARSHAL'S OFFICE BLASTING PERMIT APPLICATION

A permit is required to maintain, store, use or handle materials, or to conduct processes which produce conditions hazardous to life or property, or to install equipment used in connection with such activities. The issuance of a permit shall not be construed as authority to violate, cancel or set aside any of the provisions of the code. Such permit shall not take the place of any license required by law.

Conditions for Approval:

1. Complete application
2. Attach supporting documentation
3. Submit to fire Marshal's Office

Submit To:

State Fire Marshal's Office
410 West 9800 South, 3rd Floor
Sandy, Utah 84070

Revocation of Permit:

The State Fire Marshal's Office is authorized to suspend or revoke a permit when:

1. The permit has been used by a person other than the person to whom the permit was issued.
2. The permit has been used for a location other than that for which it was issued.
3. Any of the conditions or limitations set forth in the permit have been violated.
4. The applicant failed, refused or neglected to comply with orders or notices duly served in accordance with the provisions of this code within the time provided therein.
5. There has been a false statement or misrepresentation as to a material fact in the application or plans on which the permit or application was based.
6. The permit was issued in error or in violation of an ordinance, regulation or the code.

Permitted uses shall conform to all applicable requirements of the International Fire Code, and other pertinent laws and ordinances. Construction or use shall not commence prior to issuance of the permit.

Applicant Signature: _____ Date: _____

(over)

Operations and compliance shall be governed by:

- A. Federal laws and regulations as well as guidance manuals, State laws and regulations, currently adopted fire code(s), local ordinances and standards, permit conditions, and best business practices.

Inspections:

- A. Magazine, Day Box and/or project/blast site inspections may be conducted by federal, state or local public safety officials.
- B. Prior to issuing a permit, an inspection may be conducted.
- C. Inspections may be conducted periodically during the term of the project or permit.

Notifications:

- A. The AHJ shall be notified twenty four (24) hours prior to blasting events, or as instructed by the AHJ, when the permit is presented to the affected jurisdictions.
- B. When the AHJ is not available for contact, or in the absence of an AHJ contact, notification shall be made to the local emergency dispatch center (24) hours prior to blasting events.
- C. The AHJ and SFM must be notified within one work day of any event involving explosives/blast related injury, fire, theft or property damage. In the case of theft, ATF reporting requirements must also be followed.

Restrictions:

- A. Blasting may be restricted for time and place according to local AHJ requirements.
- B. Blasting may be restricted, altered, suspended or terminated by the AHJ for public safety.
- C. Blasting may be restricted, altered, suspended or terminated by state authorities for public safety including, but not limited to burn restrictions.
