

BUCKLE UP

UTAH'S LAW TO SAVE LIVES

The Law: All passengers must wear seat belts and children up to age 8 must be properly restrained in a car or booster seat.

Remember, seat belts save lives. If you or anyone in your vehicle aren't properly restrained, you can be issued a \$45 citation. A seat belt fine is waived upon completion of an online, 30-minute seat belt safety course. Contact the Utah Safety Council at 801-746-SAFE (7233), toll free 800-933-5943 or online at utahsafetycouncil.org.

SEAT BELTS

are the single most effective traffic safety device for preventing death and injury.

Wearing a seat belt also helps the driver stay in the driver seat and helps maintain control of the vehicle.

In a crash, unbuckled passengers can become projectiles and increase the risk of hurting or killing others in the car by

40%

Over the last five years, almost half of all people (45%) who died on Utah's roads weren't buckled.

Excludes pedestrian, bicycle, bus occupant and motorcycle fatalities.

3 out of 4 people who are ejected during a fatal crash die from their injuries.

When the driver is unbuckled, 76% of children also ride unbuckled. When the driver is belted, 87% of children also ride with a seat belt. Be an example and buckle up.
