

Guided Beach Basics Tour

Your guide will take you on a tour of the Great Salt Lake ecosystem. In roughly 1.5 hours you will learn about the salinity levels and the Great Salt Lake ecosystem. Once your tour is over you can rinse your feet off and eat lunch under a large shaded pavilion.

- Located in Bridger Bay Beach next to the Island Buffalo Grill
- Modern restrooms on site
- Potable water spigot
- Pavilion with 8 picnic tables
 - Additionally, 5 smaller pavilions with large picnic tables under each
- Lake access, walk to the water is approximately ½ mile one way depending on fluctuating water levels
- *There is no shade available on the walk to the water, please be sure to bring water and sunscreen on hot summer days
- *The walk to the beach is not conducive for really young children or those with mobility issues
