

Lady Finger Point

This location offers a great view of Egg Island, a protected bird rookery used year round by nesting birds. You can meander along the ½ mile trail exploring 550 million year old rocks, walk a ¼ mile to the beaches, or eat your lunch under a shaded pavillion.

- Located 7.5 miles away from the entrance booth
- Vault restrooms on site
- No water available
- 1 pavilion with 2 picnic tables
- Bus accessible parking lot. On busy days buses may need to park in the overflow parking down the road
- Nice lake overlook
- *There is no shade on the trail or the beach, please be sure to bring water and sunscreen on hot summer days
